Our provider

The Pädagogische Zentrum Förderkreis + Haus Miteinander is a non-profit limited liability company with many years of experience in educational and therapeutic work.

We educate and support the children entrusted to us according to their possibilities and support them to grow into self-confident people.

Consultation and services

For Ingolstadt based families, we can provide answers all around your child and family life - even during or after a divorce. Young people can also contact us.

Many parents already find it very helpful to be able to consult an outsider about the current situation.

In addition to the consultation, we also offer:

- > Diagnostics
- > Observation in kindergarten and school
- > Systemic-creative methods and family therapy
- > Proven "tips and tricks"
